

Weave with Wefty - Beginner

Cost: \$54

Instructor: Bill Hoernke

Description:

Use the Wefty Needle to make your own beautiful woven fabric. With Bill as your instructor, it's really not that hard to make these 3-D block designs or the beautiful star pattern. In this all day class, beginners will learn to make a woven fabric panel approximately 16" x 20" that may be used for a table decoration, a tote bag, a pillow or anything that you would like. Many students complete the weaving in class but finish the project at home.

Supply List: Please bring the following:

Basic sewing supplies – must have scissors and several (at least 60 each) straight pins, thread for quilting and finishing. Sewing machine is needed to finish the project (at home). The instructor will have a machine for basic stitching in the class.

Wefty Needle set (available at Sew Much More)

½ yd One-sided Fusible (Featherweight #911FF, Fleece #987F, or other) available at Sew Much More

1" Bias Tape Maker – You'll be prepping 1 inch strips before class.

Iron and portable ironing board if you have one that you love to use.

Fabric – **There are 2 options for this workshop, pick one of the following**

Option 1, A three color project that will look like stacked blocks

- ½ yard of each of the 3 colors that you choose. Choose any colors that you want for this project. It generally works well if you choose one light, one medium and one dark value fabric. If using ombre fabric, you may need slightly more.
- ¾ yard of fabric used for backing and binding

Option 2, A multi color project that will look like stars on a background

- 6 complementary colors of fabric to make the star points - 1/4 yard each
- 1 yd background color fabric – Also used for backing and binding

The instructor will provide a board for you to use for weaving your project. You may choose to purchase this at the class for \$8.00 if you'd like to take it home.
